

19 May 2010

**FABER GROUP BERHAD ('FABER')
ARTICLES IN THE NEWS STRAITS TIMES AND THE STAR ON "FABER
EYES RM1B REVENUE FROM OVERSEAS THIS YEAR" AND "FABER
FOCUSES ON IFM BUSINESS IN UAE, INDIA", RESPECTIVELY**

We refer to the articles in the New Straits Times and the Star on Wednesday, 19 May 2010 on "Faber eyes RM1 billion revenue from overseas this year" and "Faber focuses on IFM business in UAE, India" respectively and in particular to the following sentences which appeared therein:

(1) New Straits Times:

"Integrated facilities management ("IFM") and property developer Faber Group Berhad hopes its revenue from overseas will reach RM1 billion this year, by expanding on its non-concession income base."

We wish to clarify that as per Faber's Key Performance Indicators targets for Financial Year 2010 ("FY2010") announced on 25 February 2010, the revenue growth target for the current year is between 12%-15%.

Faber will strive to achieve the RM1 billion revenue for the group over the next few years driven by the opportunities for business expansion in the IFM division, particularly in UAE and India.

(2) The Star:

"Its non-concession operations in the UAE and India contributed RM682.8 mil or 85% to the group's revenue in FY09"

We wish to clarify that RM682.8 million or 85% of Faber Group's revenue in FY2009 were contributed by the IFM division, of which comprises contribution from non-concession businesses in UAE (15.3%) and India (2.4%).

Thank you.

Yours truly,
For FABER GROUP BERHAD

ADNAN MOHAMMAD
Managing Director
